Lovely Negligees and Tea Gowns**Greatly Reduced**

LIKE ever changing clouds at sunset, the beautiful tones and shades in these negligees blend and contrast, and blend again. Magenta charmeuse girdled with satin brocaded in gold—gray blue crepe meteor faced with palest chiffon—and flesh colored crepe de chine softly veiled with old blue chiffon and ornamented with filmy Chantilly lace. These are only a few of the exquisite color effects embodied in the soft draperies of our negligees.

Equally effective are the beautiful fabrics and graceful lines of the garments.

We illustrate one negligee of charmeuse with a cloudy drapery of georgette crepe to soften it and a wreath of dainty flowers forming the girdle.

In Copenhagen, rose, orchid or peach.
